

**YOUR NEXT
CAREER MOVE:
IT AUDITOR
(STAFF)**

SOAB, Stichting Overheidsaccountantsbureau is recruiting an IT Auditor (Staff) .

About your role

As an IT Auditor at SOAB, you will be pivotal in assessing and improving the information systems and (digital) processes across various clients. You will work in multidisciplinary teams to ensure IT environments are secure, compliant and future-ready combining classic IT audit with growing areas like cybersecurity, data analytics, privacy and innovation governance.

Duties & responsibilities:

- Conduct audits on information systems to ensure compliance with laws, regulations, and standards.
- Assess IT risks and identify vulnerabilities in systems and processes.
- Draft clear audit reports with findings and recommendations for improvement.
- Advise clients on IT, risk management and control measures.
- Collaborate with ministries to improve IT.
- Stay updated on developments in IT auditing, legislation, and technology.

Job requirements:

- A bachelor's or master's degree in Business IT & Management, Business Information Technology, Business Administration, or a related field.
- At least 3 years of relevant work experience in IT auditing.
- Understanding of the structure and functioning of applications, operating systems, and information systems.
- Experience in data analysis and thorough knowledge of Microsoft Excel.
- Strong analytical skills with attention to detail.
- Excellent verbal and written communication skills.
- A certification such as CISA or CISM is a plus.
