

Are you a motivated and ambitious professional eager to make real impact ? Then launch Your Career at SOAB!

STAFF ADVISORY OR FINANCIAL

Why SOAB?

At SOAB, you work with a diverse team of experts dedicated to good governance, public interest, and government improvement.

You will gain in-depth knowledge of government frameworks and play a key role in projects that shape community development in Sint Maarten and Curaçao.

What you'll bring:

- Relevant Bachelor's or Master's degree in Accounting, Auditing, Business Administration, Public Administration, Economics, or related field
- Up to 3 years of experience in financial audit, organizational advisory, or a related area; internships and traineeships count
- Strong communication skills in English and Dutch, both written and oral
- Interest in political, community, and governmental matters
- Commitment to delivering quality, accurate, and client-oriented work
- Eagerness to learn, collaborate, and contribute effectively in a professional environment

What you'll do:

- Support the preparation, execution, and reporting of assurance or advisory engagements under supervision
- Help maintain project quality and deadlines while working closely with clients and the team
- Gain hands-on experience in government-focused financial audits or operational advisory projects
- Develop your expertise through SOAB's learning and professional growth programs

What we'll offer:

- Competitive salary with social and health benefits aligned with local standards
- Supportive hybrid work model balancing flexibility and team collaboration
- Meaningful exposure to impactful government and public sector projects
- Clear pathways for career development and skill enhancement within SOAB
